

Lease Commencement Inspection Procedures & Checklist for ISO Tanks and Chassis

Customer will inspect all Equipment upon receipt. Should Customer note any damage, other than minor dents or scratches that are only on the surface and have no creased depth, Customer must indicate it below, and return this sheet to Hoover CS within fifteen (15) days following Customer’s receipt of the Equipment. Please use a separate sheet for each piece of Equipment. Customer waives Customer’s right to dispute any damages or defects, and assumes sole financial responsibility to repair same, for any Equipment damage which is **not** noted on this form (and this form is returned to Hoover CS within the applicable time frame), and any damage caused during transit.

Before operating intermodal Equipment over the road, Customer must inspect the Equipment components as required by applicable law and be satisfied such components are in good working order, including but not limited to: service brake components and trailer brake connections; lighting devices, lamps, markers, and conspicuity marking material; wheels, rims, lugs, tires; air line connections, hoses, and couplers; king pin upper coupling device; rails or support frames; tie down bolsters; locking pins, clevises, clamps, or hooks; and sliders or sliding frame lock, all as applicable. If Customer operates the Equipment over the road, it shall be deemed to have confirmed the components were in good working order when the Customer accepted the Equipment.

SHOULD EQUIPMENT BE DELIVERED IN A DAMAGED CONDITION, HOOVER CS, AT ITS OPTION, WILL EITHER REPAIR THE DEFECTS OR REPLACE THE DEFECTIVE EQUIPMENT.
