

STANDARD 793-GALLON IBC

Hoover CS stainless-steel Intermediate Bulk Containers (IBCs) are the leading sustainable packaging solution for chemical storage and transportation. Built to last more than 25 years, our standard 793-gallon (3,001 liter) IBC is an environmentally responsible alternative to single-use packaging and contributes to supply chain circularity while providing a safer form of handling, reducing the chance of spills, and minimizing residue.

Also available in 350-gallon (1,325 liter) and 550-gallon (2,082 liter).

ABOUT HOOVER CS

We are paving the way for companies across the chemical, refining and general industrial-end markets to move away from single-use containers. Through our large rental fleet of reusable liquid and dry IBCs and ISO tanks, combined with integrity management and fleet management services, our sustainable packaging solutions facilitate circularity across the supply chain, yielding an optimized environmental footprint through reduced plastic, water conservation, and lower greenhouse gas emissions.
